MARCIN TATARSKI

Phone: 07780 436717 | Email: martin.tatarski@gmail.com | Worcester, UK
LinkedIn: /marcin-tatarski | Portfolio: marcin-tatarski.com | GitHub: /martindocs

I'm a dedicated web developer with a focus on React.js, Node.js, and MongoDB, passionate about designing user-friendly websites and applications. Proficient in both front-end and back-end development, I leverage my skills in Agile methodologies to deliver projects on time and within budget. My proactive approach to learning and exploring new technologies sets me apart.

TECHNICAL SKILLS

React.js, Node.js, MongoDB, Express.js, JavaScript ES6+, CSS3/Sass, HTML5, GitHub, Photoshop.

PROJECTS

Bug Tracker | GitHub Repo | Demo Overview
- Summary: Efficient bug tracking system with customizable options, detailed info, and easy search/filter capabilities.
- Role: Sole author.
- Tools: React.js, Node.js, Express.js, Sass, MongoDB, HTML, Photoshop

Dishcovery | GitHub Repo | Live Demo
- Summary: The Project is a fun food web application designed to help users explore new recipes and cooking ideas.
- Roles:
  - Marcin Tatarski [martindocs]: React.js, Sass, setting up Netlify.
  - Elora Ainoa [TuPu]: UI/UX Design.
  - Oliver Stamper [ollystamper]: Research AP's, documentation.
  - Rupesh Rana Magar [rrana5106]: Wireframe, documentation.
- Tools: React.js, Bootstrap, Netlify, API's

Game Hub | GitHub Repo | Live Demo
- Summary: The Game Hub project is a team effort to create a bunch of short games using free APIs.
- Roles:
  - Marcin Tatarski [martindocs]: Led overall project management. Game logic, frontend development using JavaScript (ES6+), Bootstrap, and JQuery for Flashcard game.
  - Saif Uddin [Saif-Uddin-93]: Focused on Trivia Quiz game logic, JavaScript development, CSS and mobile responsiveness.
- Tools: JavaScript (ES6+), Bootstrap, JQuery, API's

DCO App | Documentation | in-house app for exclusive company use
- Summary: Efficiently track, streamline, and document changes in engineering drawings, literature, and controlled documents.
- Role: Sole author.
- Tools: React.js, Node.js, Express.js, Sass, MongoDB, HTML, Inkscape.

Readme Generator | GitHub Repo | Demo Overview
- Summary: The Readme Generator is a command-line application built to simplify the creation of professional README files for GitHub projects.
- Role: Sole author.
- Tools: Javascript, Node.js

EXPERIENCE

Freelance React Web Developer   **2020 – Present**
Joerns Healthcare Ltd   **Pershore, UK**
While employed as a CAD Engineer, I proactively pursued web development, leading to the creation of impactful applications:
- DCO App: Developed for tracking product development changes using React, Express, MongoDB, and Node.
- Sling Web App: Designed to streamline internal processes and enhance efficiency.
- Converting paper-based forms to web-based formats using JavaScript.

CAD Engineer   **2017 – Present**
Joerns Healthcare Ltd   **Pershore, UK**
Provide support to the Quality Department in analysing and improving product quality, which includes:
- Revising/Creating new CAD drawings reflecting improvements.
- Ensuring compliance with UK/EU legal requirements and best practices regarding document control and maintenance.
- Maintaining CAD drawing records to uphold internal policies and external regulations.

General Assistant   **2006 – 2017**
Tesco PLC   **Worcester, UK**
Provided exceptional customer service by assisting shoppers and ensuring a positive shopping experience:
- Skilfully organizing and replenishing shelves, maintaining product availability, and ensuring a well-organized shopping environment.
- Demonstrating a strong work ethic in handling various general duties essential to store maintenance.
- Collaborating with the team to provide excellent service and a welcoming store environment.

CAD Operator   **2008**
Delapena Honing Equipment Ltd.   **Cheltenham,**
UK
Involved in various aspects of CAD operations, which included tasks related to design improvement:
- Adapting and enhancing existing drawings.
- Digitizing paper-based drawings to facilitate access and collaboration.
- Contributing to the redesign of Numerical Control honing machines.

EDUCATION

Certificate, Front End Web Development – edX Bootcamp, UK
Bachelor's degree, Administration and Safety of Local Computer Networks - IT Technical School, Poland
Masters Degree, Power System and Facilities - The University of Szczecin, Poland
Engineer Degree, Mechanics and Machine Construction - The University of Szczecin, Poland
